

INDUGULA SRI BALA TEJESH

Hyderabad, Telangana — +91-7207654773 — indugula.balu@gmail.com

Summary

Computer Science undergraduate with strong foundations in full-stack web development and IoT systems. Experienced in designing scalable web applications, integrating real-time features, and building data-driven solutions. Strong problem-solving skills with interest in software engineering, distributed systems, and intelligent applications.

Education

Bachelor of Technology in Computer Science

Aug 2023 – Present

Malla Reddy University, Hyderabad

Intermediate (MPC)

Apr 2021 – Mar 2023

Sri Aditya Junior College, Andhra Pradesh

Projects

Maximizing Job Portal Web Application

- Developed a full-stack job portal connecting job seekers and administrators with role-based access.
- Implemented real-time chat functionality for user-admin interaction.
- Designed responsive UI using HTML, CSS, and Bootstrap.
- Managed backend operations and database interactions using MySQL.

Technologies: Java, JSP, MySQL, HTML, CSS, Bootstrap

Smart Belongings Finder System (IoT)

- Built an RFID-based IoT system to track and locate personal belongings.
- Integrated GPS tracking and Google Maps for real-time location monitoring.
- Implemented alert system via Email and WhatsApp notifications.
- Used Firebase for real-time data storage and activity tracking.

Technologies: IoT, RFID, Firebase, Google Maps API

Technical Skills

Programming Languages: Java, Python, JavaScript

Web Technologies: HTML, CSS, React, Bootstrap

Databases: MySQL, Firebase

Core Concepts: Data Structures, OOP, Full-Stack Development

Soft Skills: Teamwork, Communication, Problem-Solving

Certifications

B2 Cambridge English Certification – Cambridge Assessment English

Java Programming Certification – Udemy

Python Programming Certification – Udemy
